

Leadership

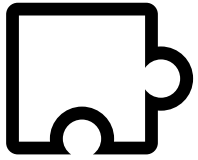

Age range: 7-11

 **BARCLAYS** | LifeSkills

Why are core transferable skills important

1

Problem solving

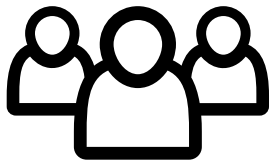

Listening
and speaking
(communication)

Creativity

Aiming high
(proactivity)

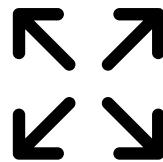

Leadership

Teamwork

Staying positive
(resilience)

Adaptability

What is leadership?

2

Leadership is about supporting, encouraging and developing others to achieve a shared goal.

Activity: Pulling in different directions

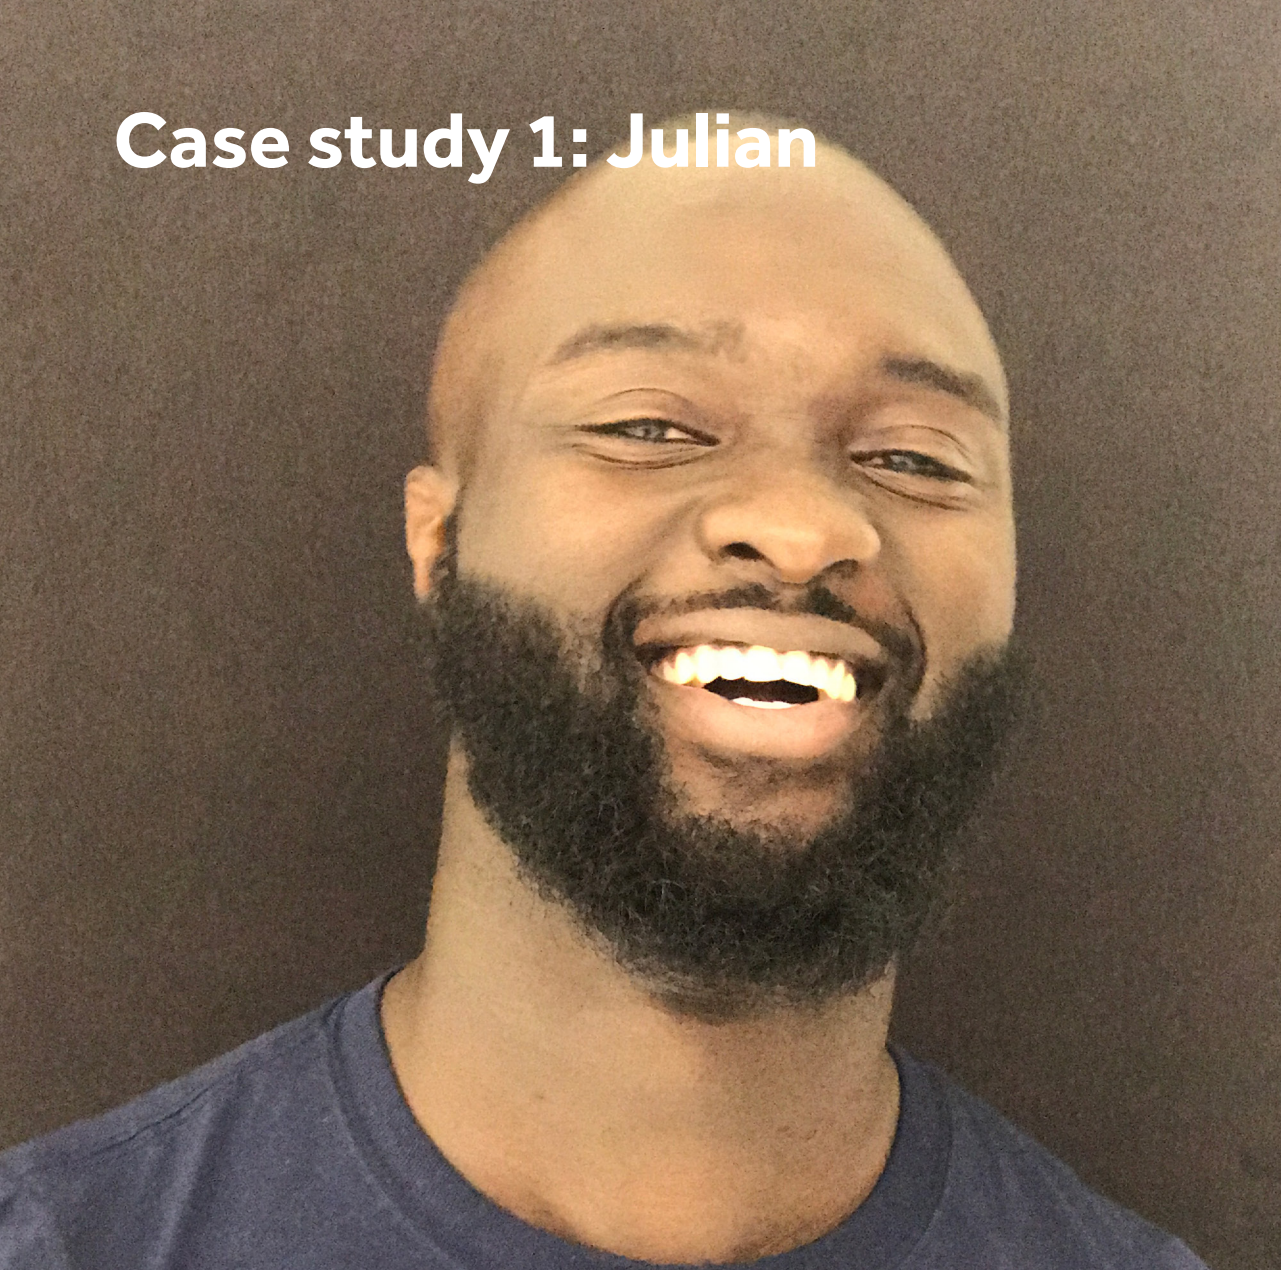

What makes a good leader?

3

Case study 1: Julian

4

"When playing basketball at school, I noticed that my coach would spend time with each player one-to-one to work on our individual strengths and weaknesses.

I used this method when building my own team at work. I would spend time with each person to try and get to know them better and understand their goals. Once I had spent this time with my team one-to-one, we were able to achieve our goals both together and as individuals."

Case study 2: Toby
